ROAD CESS.

NOTIFICATION No. 408.

Calcutta the 11th December 1888.

THE subjoined annual accounts and reports of the District Road Committees of the districts of Hazaribagh, Lohardugga, Maubhoom and Singbhoom for the cess year 1887-88, from 1st April 1887 to 31st March 1888, together with the remarks thereon of the Commissioner of Chota Nagpore, are published for general information.

W. B. BESTIC,

Under-Secy. to the Govt. of Bengal.

No. 94DR, dated Hazaribagh, the 12th July 1888.

From—COLONEL C. H. GARBETT, Chairman, District Road Committee, Hazaribagh,
To—The Commissioner of the Chota Nagpore Division.

I HAVE the honor to submit herewith a detailed account of receipts and expenditure of the District Road Fund for the year ending 31st March 1888, together with the following report on the administration of the fund for the same period

2. During the year under report the District Committee, consisting of 24 members, held four meetings for the transaction of business, a summary of which is given below. A quorum was obtained at all the meetings. * * * *

- (1). To consider the appointment of a Vice-Chairman in place of late Baboo Girindra Nath Mitter.
- (2). To re-construct the Standing Sub-Committee for the monthly audit of accounts.
- (3). To pass the half-yearly accounts and report for the half-year ending 31st March 1887.
- (4). To revise the budget estimates of receipts and expenditure in consequence of the change in the cess year under Government circular No. 1538, dated 29th March 1887, and also to prepare the estimates of receipts and expenditure for the current financial year, and sundry other matters.

3. The accounts were as usual audited monthly by a Standing Sub-Committee appointed under section 174 of the Road Cess Act.

4. *Branch Committee.*—There is only one Branch Road Committee at Giridi, which held three meetings during the year, and in which the average attendance of members was five.

5. The year commenced with an arrear balance of Rs. 2,790, and as the demand for the year was Rs. 46,047, less the sum of Rs. 1,927 paid in advance in the previous year, the net demand realizable was Rs. 46,910. Of this sum Rs. 36,245 was collected during the year, leaving a balance of Rs. 10,665 outstanding at its close. In addition to the above, a sum of Rs. 500 was collected as advance collections on account of next year. The percentage of collection on current demand was 79.7. The percentage being below the prescribed standard was mainly due to the Ramgurb Estate, the largest estate in the district, defaulting to pay its last instalment of cesses, amounting to Rs. 17,614-10-5 on the 28th March 1888. This balance fell due owing to confusion arising through a change of Managers in the estate about the close of the year. The balance has been fully realized since.

Original Works.

6. The funds at the disposal of the Road Committee being barely sufficient to keep up all the existing roads, which aggregate upwards of nine hundred miles (including village roads), it was thought advisable not to take up any new work during the year under review. The sum of Rs. 2,384-3-8 shown as expended in original works was paid for works done in the previous year, which could not be paid before for want of sufficient funds.

Repairs.

7. *District Roads.*—Four metalled roads, aggregating about 53 miles in length, have been maintained in good condition. Seventeen fair-weather roads, about 300 miles in all, have been kept up. They are generally in fair order. The gradients of some admit of improvement, and the approaches down to beds of unbridged rivers and nullahs can also be made easier. For want of funds, the above improvements have to be taken up gradually.

8. *Village Roads.*—Thirty-six village roads, to the length of about 166 miles, have been repaired, and the approaches down to beds of rivers and nullahs, too numerous in this hilly country to admit of being bridged, have been sloped and made practicable for wheeled traffic.

9. * No new trees were planted during the year under report, the number of trees already under protection (14,000) being too large to be maintained with efficiency with such funds as the Committee could spare.

10. *Nursery Garden.*—The Road Cess Office compound has been utilized as a nursery garden. The nursery contains 815 date trees, 31 jamun, 56 neem, 6 peepur, 188 mango, 5 banian, 32 karonje.

11. *Staging Bungalows.*—There is only one staging bungalow under the Committee, situated at Ramgurb on the Ramgurb and Gola road. It yielded an income of Rs. 129 during the year under review, and its maintenance cost Rs. 178-4-0.

12. A sum of Rs. 5,500 was placed at the disposal of the Giridi Branch Committee, during the year. Of this sum Rs. 2,338-13-6 was spent in repairing 11 village roads, and Rs. 450-3-11 in paying the cost of establishment under the Branch Committee, leaving a balance of Rs. 2,789-1-5 unexpended at the end of the year. The Sub-Divisional Officer of Giridi reports that in consequence of the Government order regarding the change in the cess year being received late during the year, a revision of the estimates was rendered necessary and the works could not be commenced earlier during the year, moreover, difficulties were experienced in finding contractors willing to undertake the works. Thus most of the road-works, though commenced within the year, were neither completed nor paid for before the close of the year.

H. C. MITTER,
Vice-Chairman.

No. 16D.R., dated Ranchi, the 14th April 1888.

From—E. G. LILLINGSTON, Esq., Deputy Commissioner, and Chairman of Road Cess Committee, Lohardugga,

To—The Commissioner of Chota Nagpore.

I HAVE the honour to submit herewith the annual accounts and report on the working of the Road Cess Act IX (B.C.) of 1880 for the cess year ending 31st March 1888.

3. * * * * * The attendance of both official and non-official members of the District Committee during 1887-88 was more satisfactory than in the previous years, for out of five official and nine non-official only one official and two non-official members did not attend six consecutive meetings. The name of one non-official member had to be struck off the list under section 115, Act IX (B.C.) of 1880, and the other has resigned, and their places have been filled up. Regarding Palamow Branch Road Cess Committee * * * the attendance of the non-official members was unsatisfactory.

4. A summary of the business transacted at the meetings of the District Road Cess Committee is given below :—

- (a). Passing the budget estimates.
- (b). Fixing the rate of road cess to be levied during the year.
- (c). Passing the half-yearly accounts for 1886-87.
- (d). Passing the estimates submitted by the District Engineer for the repairs of different roads during 1887-88.
- (e). Disposing of other miscellaneous business.

5. G. W. Place, Esq., c.s., Officiating Joint-Magistrate, held the office of Vice-Chairman through the year.

6. The demand on account of cesses on lands and mines during the year, including arrears of last year, amounted to Rs. 52,105. Of this Rs. 1,968 was collected as advance during the previous year, and Rs. 48,127 has been collected within the year under report, thus leaving a balance outstanding on the 31st March 1888, Rs. 2,010. In addition to the above a sum of Rs. 610 was collected in advance on account of the ensuing year 1888-89.

7. The cess was levied at the maximum rate; there was no difficulty in collecting it at head-quarters. In the Palamow sub-division also the payments appear now to be more punctually made than before.

8. The accounts of the year were duly examined and audited by a Sub-Committee consisting of the Vice-Chairman and two other English-knowing members.

9. *Original Works.*—The total provision made in the budget estimate under this head could not be expended owing to the revised project of the Ranchi and Lohardugga road bridging (which was left incomplete by the late District Engineer and was completed by the present District Engineer) not being sanctioned by Government within the year. But a sum of Rs. 2,642-9-11 was paid for collecting materials. There is every prospect of the bridges being completed during the year 1888-89.

(I).—*Ranchi-Chandil Road.*—The survey of this road, as far as it lies in this district, has been completed.

(II).—*Boundary of Head-quarter Sub-division to Daltongunge.*—Survey was made plans and estimates prepared for the Charowdi Ghât Diversion, for which an allotment was made in the Budget Estimate. But as this work is not considered a very urgent one, and there are more important works to be done on this road, it has been decided to postpone this work.

(III).—*Surveys for the Kuru and Lateyhar Road Diversion and the preparation of project for the Ranchi and Lohardugga road* have been finished.

10. *Plantation.*—The work of tree-planting has been extended over five miles of roads, and during the year 900 new trees, some supplied by the Superintendent of the Botanical Garden, Calcutta, and some taken from nurseries, have been planted on the road-sides. The total length now planted out is about 108 miles.

The trees planted are thriving.

11. *Repairs.*—*Ranchi and Lohardugga Road.*—This very important road, over which very heavy traffic passes, has been kept in fair order. About nine and a half miles have been gravelled in this year, and this will continue as funds become available.

(a).—*Lohardugga-Chatra Road.*—This is also a very important road and has considerable traffic. This year some 18 miles of the road have been thoroughly renewed and the entire length maintained in fair order.

(b).—*The road from Kuroo to the Head-quarter Sub-division boundary towards Daltongunge.*—This road is maintained in good order, and one large temporary bridge of sâl-wood platform and dry rubble abutment has been constructed. The road requires re-alignment in order to avoid the Moorgoo-Jhoriah ghât and a number of unbridged nullahs.

(c).—*Ranchi-Bundgaon Road.*—This is the direct road to Chybassa, the head-quarters of the Singbhoon district, *via* Chuckerdharpore. Besides reconstruction of 12 miles of the road, ordinary repairs throughout have been executed.

(d).—*Ranchi-Chandil road.*—This is the nearest road from Ranchi to the Chandil station of the Bengal-Nagpore Railway. There is correspondence going on regarding this road, and it remains to be decided whether this road or the Ranchi-Bundgaon road will be

taken up as a provincial one by the Public Works Department. Ordinary repairs have been executed and some 30 lineal feet of temporary bridges have been constructed.

(e).—*Ranchi-Palkote Road*.—Besides ordinary repairs, about 14 miles of roads have been renewed and ten small culverts of dry-rubble and flagstone and three large temporary bridges constructed, and 57 stone mile-posts put up. The road is now opened for cart traffic up to Bussia, and next year it is proposed to extend it up to Palkote.

(f).—*Khunti and Kamdera Road*.—Besides the reconstruction of about 10 miles of the road and construction of dry rubble and timber temporary bridges, the entire length of the road was maintained in good order by patch repairs. Thirty stone mile-posts have been put up.

(g).—*Ranchi-Palma, Ranchi-Gola, Ranchi-Pithoria, and Bundu-Jhalda*.—Ordinary repairs have been undertaken on these roads; they were kept in good order.

(h).—*Lohardugga-Sumbulpore Road*.—Three miles of this road have been constructed where only a mere track existed before; 150 running feet of temporary bridges have been reconstructed.

(i).—*Palma-Lohardugga*.—Some 16 miles of road have been newly constructed over the existing foot track. Five dry-rubble and flag-stone culverts have been constructed. The road is now opened for cart traffic to Lohardugga.

12. *Petty roads*.—One mile of the Lalpore petty road has been metalled, and the others have been maintained in good order.

13. *Road from Oranga Stream to Daltongunge*.—Besides reconstruction of some seven miles of the road and repair and reconstruction of a good many jungle wood temporary bridges, the road has been maintained in good order for ordinary traffic, and about one and-a-half miles have been gravelled.

14. *Daltongunge and Maharajgunge Road*.—This is one of the most important roads in the Palamow sub-division, and has heavy cart traffic. This year the road has been properly opened for traffic up to 37th mile by thorough renewal of some 17 miles of road with construction of some temporary bridges, and the road throughout was kept in fair order.

15. *Daltongunge and Gurwa Road*.—This road has been thoroughly repaired during the year, and nine temporary culverts, have been constructed.

16. *Gurwa Untari, Gurwa-Majiwan, Majiwan-Jupla, Daltongunge-Bihar, and Leslingunge-Panki*.—Most of these roads, or at least greater parts of them, are mere tracks; very little work has been done this year and only very bad portions made passable.

17. *Daltongunge Station Roads*.—The roads have been thoroughly repaired during the year under report. Four dry-rubble and flagstone culverts have been constructed.

18. *Village roads*.—In the head-quarters sub-division, some 21 miles of new roads have been constructed and 83½ miles properly maintained, and many temporary bridges constructed. In the Palamow sub-division some 20 miles of roads have been maintained.

19. *Accounts*.—The monthly accounts of the Road Fund and of the District Engineer's Office were examined by the Vice-Chairman and two other English-knowing members of the Committee who were appointed for the purpose.

20. The Local Auditor inspected this and the District Engineer's office on the 26th April 1887, and the result was satisfactory, as mentioned in my last year's report. No professional Auditor has inspected these offices since.

21. The establishment entertained under the Road Cess Act are—

- (a). Establishment for collection of revenue.
- (b). Committee's office establishment.
- (c). Engineering establishment.

22. The establishment for collection of revenue at head-quarters consists of one head clerk and accountant, one assistant clerk, one mohurir and one peon. These officers also do the work connected with the Committee's office, for which there is no separate establishment. The establishment under the Sub-divisional Officer of Palamow consists of one clerk and one peon. The head clerk and accountant, Baboo Nundo Laul Chatterjee, has worked very well during the year under report and has given me entire satisfaction.

23.

24. The District Engineer reports that the sub-overseers and clerk employed under him in the head-quarters sub-division on the whole worked fairly well. The overseer in charge of the Palma sub-division also did his duties well.

25. The roads, bridges and culverts mentioned in the budget estimate for 1888-89 (sanctioned by Government) are the works proposed to be taken in hand during the ensuing year 1888-89.

26. The works have all been executed by contract during the year under report, and the small sums advanced to the contractors have been adjusted except in a few cases.

Committee.

Annual Report of the District Road Committee of Manbhoom for the cess year 1887-88.

1. *Working of Cess Act IX (B.C.) of 1880.*—Statement A shows the demands, collections, and balances of cesses for 1887-88 as compared with the year previous. The outstanding balance of 1886-87 was Rs. 51,567, and the demand of the year under report was Rs. 89,820, against Rs. 46,708 and Rs. 91,387, respectively, for the previous years, thus:—

	Rs.
Arrears of cesses on lands for 1885-86 ...	45,395
Ditto on mines and quarries ...	298
Ditto on jungles ...	1,015
	<hr/> 46,708
Demand on lands for 1886-87 ...	80,126
Ditto on mines and quarries ...	9,274
Ditto on jungles ...	1,987
	<hr/> 91,387

There has been a decrease of Rs. 1,567 in the demand, due to the reduced assessments on some of the coal mines and quarries; also due to the remission sanctioned by the Board of Revenue.

The collection of the year was Rs. 97,431; against Rs. 87,041 of the year previous, showing an increase of Rs. 10,390.

Out of the balance of Rs. 43,956, shown in column 10 of the statement, Rs. 61 have been remitted by order of the Board of Revenue, and the net balance to be collected is Rs. 43,895, of which Rs. 24,021 represents the arrears of the kists ending 28th and 31st March 1888, the payment of which could not be enforced till after the lapse of 15 days. Deducting the amount of March kists, the balance is reduced to Rs. 19,874, of which Rs. 12,898 are due from the Pachet Rajah alone, who does not pay the cesses punctually. Certificates were issued in all cases for realization of the arrears, and steps are taken for the attachment and sale of immoveable property of zemindars and holders of lakhiraj estates.

The following mines and quarries were assessed during the year as compared with the year previous:—

	Coal mines.	Stone quarries.	Ghosting quarries.	Amount of assessment.
				Rs.
1886-87 ...	7	14	7	7,187
1887-88 ...	12	15	7	7,179

The road cess year has now been assimilated to the financial year under orders from Government. This necessitated the valuation of coal mines, quarries, and jungles for the six months ending 31st March 1888. This valuation was completed during the year under report, and cesses due for these six months are being realized.

The cesses were not paid regularly in all cases. The people of this district generally wait till the certificate procedure is put in force. In cases of small amounts due by owners of jungles, notice was given in quarter anna post-cards to pay up the dues within a fixed time, and the experiment proved successful in some cases. This practice was adopted to avoid the trouble and expense incident to the certificate procedure.

There were a few objections to the assessment of jungles, on the ground that the owners derived no profit from their jungles; some were overruled for want of evidence, and in others the assessment was reduced.

The operation of the Cess Act has led to the improvement of roads and communications the details of which are given further on.

2. *Working of the Committee.*—The Committee met 13 times during the year under report, and there was no meeting without a quorum. * * *

The following is a summary of work done by the Committee during the year:—

- (1) Passing monthly Road Fund accounts, audited by a Standing Sub-Committee every month.
- (2) Nominating certain gentlemen as members of the Sudder Committee, and proposing the appointment of the Sub-divisional Officer of Govindpore as an *ex-officio* member of the Sudder Committee; suggesting that advances be made to him by the District Committee for the purpose of expending on the sanctioned works, and requesting submission of all accounts by him to the Committee.
- (3) Preparation of a revised budget estimate from 1st April 1887 to 31st March 1888 in consequence of a change of road cess year, and submitting the same to the Commissioner for sanction.
- (4) Discussion over the Chairman's proposal, regarding the present importance of the Burrabazar road and its increased future importance as a railway feeder from Midnapore, and approval of the same.
- (5) Passing accounts and report for the half-year ending 31st March 1887.
- (6) Passing of the budget estimates of receipts and expenditure for the cess year 1888-89.

3. *Branch Committees.*—None in district. Maintenance of village and other roads in the Govindpore sub-division is under the management of the Sub-divisional Officer, who draws cheques against allotments made in the budget annually; the cheques, &c., being signed and countersigned by the Chairman and Vice-Chairman of the Sudder sub-division.

5. *Works done during the year.*—Abstract of all works done during the year and the respective cost is shown in Appendix B.

(a). *Sudder sub-division.*—The provision under head "*Original works*" consisted of—(1) a 6-feet culvert in the Roghunathpore and Ranigunge road; (2) finishing the new approach of the Subornorekha; (3) surveying and preparing projects for the Railway feeders. (4) A sum of Rs. 3,000 was provided for construction of the Jubilee building in Purulia, in a portion of which the District Road Committee's office will be accommodated; the building is now under construction.

Repair works.—In the Sudder sub-division consisted of the following:—

The two roads from Purulia towards Chybassa and Bankura have been repaired and improved with gravel. Screened gravel and quartz stone metal have also been collected for improving some of the worst portions of these two roads. The metal and gravel collected will be spread and consolidated during the ensuing rainy season. The road from Roghunathpore towards Bankura was thoroughly improved by spreading a considerable quantity of gravel, besides its annual maintenance. Some temporary stone culverts have been constructed and earthwork done on the Hura-Manbazar section of the Roghunathpore-Manbazar road, and the road is now fit for cart traffic as far as Pancha. The Ledhoorka-Gouraudi road (an old famine road) was taken up for repairs during the year. A good deal of earthwork has been done, and some decent temporary stone culverts and causeways constructed, making the road fit for cart traffic between Ledhoorka and Kashipore, a distance of ten miles. The Burrabazar and Koilapal road was also much improved this year by constructing some rough stone culverts and causeways, and making it quite fit for cart traffic as far as Chota Talpat within six miles of the border. All other roads were repaired and maintained generally in good condition.

(b). *Village roads.*—These were kept up in a decent condition. The village road from Burrabazar towards Manbazar has progressed considerably during the year under report; the road was started last year.

(c). *Cart serais.*—(Sudder sub-division). The serais at Tholin, Jeypore and Nodiarah were thoroughly improved by roofing the sheds with tiles and gravelling the compound; and general repairs were done to all other serais and their compounds.

(d). *Bandhs and trees.*—The two large bandhs at Bangoordah (the embankment of which forms part of the Burrabazar and Koilapal road) and Purnapani were repaired and maintained properly. The trees planted along the station roads were watered and taken care of. Some young trees were also planted.

6. *Govindpore sub-division*.—Nothing by way of “*Original works*” done here, only repairs to existing roads, &c. Of these the most important is the road from Govindpore to Toondi, which was greatly improved by laying down earthwork, and constructing some cheap stone culverts. As far as funds permitted, the approaches to unbridged nullahs were also improved. The Govindpore station roads were repaired and maintained fairly well. An old famine road from Nirsha to the Burrakur river, in the direction of Jamtara, was taken up for repairs, and much improved by earthwork and construction of stone culverts. The portion of road between Nirsha and Poddardi was made fit for cart traffic.

The village roads.—In the Govindpore sub-division were maintained and repaired satisfactorily. The Rajgunge-Nowagar road was improved by sloping down approaches to gaps and unbridged nullahs. Portions of the Jheriya road were also improved.

The cart serais.—In this sub-division were properly repaired and maintained.

Audit Certificate.

We hereby certify that the books and accounts specified below,* prescribed for the Road Cess Office and for the office of the District Engineer, are duly kept up, and that they have been posted for the year 1887-88, and they have been duly scrutinized by the Sub-Committee.

Also that the Treasury Officer's Abstract of the Account of the Committee for the year has been duly received and checked with the cash and pass-books, and found to agree therewith, except in respect of the amount of imprest in the hands of the Accountant, which has been duly noted in the cash-book.

That the vouchers for the payments of the year have been cancelled; that none but duly sanctioned expenditure has been incurred; and that in the case of Original Works, the register of monthly expenditure shows clearly the amount of sanctioned estimate, the grant for the year, and generally that the work of the office has been performed with a due observance of the rules prescribed by Government.

* Road Cess Office.—(1) Cash-book; (2) Cash Abstract Book; (3) Register of Monthly Receipts and Expenditure; (4) Account of Deposits; (5) account of Advances.
District Engineer's Office.—(1) Accounts, viz., (1) Files of Contract Certificates, (2) Files of Bills for Purchases or Purchase Lists, (3) Files of day-books, (4) Files of Establishment Bills, (5) Files of Acquittance Rolls; 11 Books, viz., (2) Register of Bills passed; (3) Register of Works and Repairs; (4) Register of Tools and Plant.

Explanatory Note.

THE excess of Rs. 28-11-8 under head "*Establishment and Contingencies of Office of Collection*" is not actual, but simply apparent, as it includes a sum of Rs. 128-12-3 paid for unrecoverable process fees and wages of ticca peons, &c., provided in the budget under head "*Advances*." As a matter of fact there is a saving of nearly Rs. 100 under the above head.

No. 18R.C., dated Chyebassa, the 11th May 1888.

Memo.—By the Deputy Commissioner and Chairman, District Road Cess Committee, Singbhoom.

Copy of the following forwarded to the Commissioner of Chota Nagpore for information.

Annual Report of Road Cess operations during financial cess year, 1887-88.

MIDNAPORE ROAD.

1. *Repairs*.—The surface of the whole length of the road was dressed and kept in a pretty drivable state during the cold and summer seasons. The earthwork in the approaches of four new culverts on the 69th-70th mile was completed. The muddy portions of the first 22 miles, making up a total length of 5½ miles (excluding what had been done in the previous years), were gravelled. Repairs to bridges and culverts were attended to chiefly by pitching stones on the floor and down-stream side, as almost every one of them had got a heavy scour. One culvert on the 69th mile was entirely rebuilt.

Original work.—One road inspection bungalow was built on the 12th mile and three culverts on the 69th mile and 70th mile.

NORSINGPUR-BAHORAGORA ROAD.

2. *Repairs*.—The surface-dressing was done all through, jungle cleared and stubbed and the ramps of ghâts and unbridged nullas were made easy. All the temporary timber bridges were repaired.

BARAKAR ROAD.

3. *Repairs*.—The whole road was properly looked after and the surface dressed and kept in a pretty drivable state during the cold and the summer seasons. The heavy portions of the first 23 miles, making up a total length of about 5 miles (excluding what had been done previously), were improved by gravelling. Petty repairs to masonry were executed to some of the bridges and culverts, and stones were pitched on the down-stream side of almost every one of them to prevent a heavy scour.

Original works.—Two road inspection bungalows were built—one at Dugni on the 20th mile, and one at Raghunathpore on the 29th mile of the road. Part of the Subornorekha ghât improvement was executed, and the work is in progress.

BANDGAON ROAD.

4. *Repairs*.—The whole length of the road was surface-dressed and kept in good order all through during the dry season. The heavy portions of the first 13 miles, up to the river Sangai, making up a total length of about 5 miles, were gravelled. One timber platform bridge on the 3rd and one on the 7th mile were entirely rebuilt. Petty repairs to bridges and culverts were executed chiefly by pitching stones to protect the foundation of the flooring and curtain walls from being left bare by heavy scour.

Original works.—One road inspection bungalow was built at Myleperi on the 26th mile of the road.

JYNTGUR ROAD.

5. *Repairs*.—Surface-dressing was done over the whole length of the road which was kept in a drivable state during the dry season. About 4 miles of the heavy portions in the first six miles of the road were gravelled. One masonry culvert on the 6th mile and one bridge of 2 × 12 feet span were entirely rebuilt.

Original works.—One road inspection bungalow was built at Jorapokhooria on the 10th mile.

KHURSOWAN ROAD.

6. *Repairs*.—Surface of the road was dressed with petty repairs to earthwork and turfing, and the ramps of ghâts and unbridged nullas were made easy wherever necessary. Muddy portions of the first five miles were gravelled. Four masonry pipe culverts were entirely rebuilt.

Original works.—Nil.

BAMONGHATTY ROAD.

7. *Repairs.*—Petty repairs were executed as far as funds permitted.
Original works.—Nil.

VILLAGE ROADS.

8. The village road Lalgurn-Mujgaon was superficially repaired, and some others were touched here and there wherever urgently necessary as far as funds permitted.

ARBORICULTURE.

9. All the existing plants were fenced, and about 1,000 new trees were planted.

ESTABLISHMENT.

10. There was no District Engineer for about five months (April to October), the permanent incumbent having resigned, and the newly-appointed man, Baboo Nogendra Nath Chatterjee, having died of cholera within a month of his joining the appointment. Besides the District Engineer, the establishment consists of one Sub-Overseer, two road sirkars, one clerk to the District Engineer, and one clerk and accountant to Chairman.

The subordinates have discharged their duties to satisfaction.

Settlement will be made with the highest bidder for five years, commencing from 1st April 1889. Chunabatti is situated two miles west of Buxa in the Western Dooars.
